NASCSA Resolution 2003-02

October 2003

Biloxi, Mississippi

Support for Centralized Software Tracking of Pharmacy Robberies

- Whereas,** WHEREAS, there has been an increase nationally in the number of armed robberies and burglaries at pharmacies throughout the country;
- Whereas,** WHEREAS, armed robberies and burglaries have contributed to the problem of prescription drug abuse;
- Therefore,** THEREFORE BE IT RESOLVED, that NASCSA encourage the use of centralized software tracking systems to help gather and disseminate critical information to assist law enforcement in their efforts to successfully apprehend and prosecute those involved in controlled substance pharmacy crimes.

ATTEST: William P. Ward, President

Date: October 24, 2003
